1. Overview

This document has been generated from information entered into the Integrated Impact Assessment system.

All products excluding Main Meals and Daily Deal, due to FSM (Free School Meals) entitlement, would be subject to market pressures and priced accordingly without coming to committee. This is the same model used in retail and restaurants so all products excluding the Main Meals and Daily Deal, soup and salads- due to FSM entitlement, would be subject to market pressures and priced accordingly. Some products will go up in price if the market dictates it but likewise some may actually reduce. Pupils will still be able to get a 2 course meal for the same price they currently pay. There is no budget saving per say but this will allow income generation with an estimate increase to revenue by 50k

During screening 0 of 10 questions indicated that detailed assessments were required, the screening questions and their answers are listed in the next section. This led to 0 out of 5 detailed impact assessments being completed. The assessments required are:

In total there are 0 positive impacts as part of this activity. There are 0 negative impacts, all impacts have been mitigated.

A detailed action plan with 0 points has been provided.
