(Cross Slab)
Rhynie old Kirkyard. Rhynie. (Symbol
Stones)

Appendix E
Guidelines on the Care and Maintenance of the Historic Kirkyards of Aberdeenshire.

10. If in doubt seek advice from Outdoor Service Supervisors and conservation staff in Planning and Development (01224 664723; 01467 626323; 01261 813218).

1. Do nothing that cannot be reversed.
2. Remember that most kirkyards are protected by legislation; advice on any conservation matter must be sought prior to any action being taken.
3. Brush away strimmings/grass cuttings from the surface of recumbent slabs.
4. Operate the strimmer or grass-cutter with great care when near old grave-stones; avoid running the mower over the stone or bumping it with the machine.
5. Do not attempt to lift or move any stone without permission/advice.
6. Do not remove moss or lichen or ivy unless expert guidance has been sought.
7. Do not permit rubbings to be made from carved stones, or let people use chalk to emphasise the designs.
8. Do not excavate into the ground in search of buried stones. Obtain archaeological advice if a search for buried stones is contemplated.
9. Report signs of erosion, crumbling, delamination, or other changes (such as salt crystallisation) in old gravestones.
