

## **Macduff Option A – Myrus & Macduff Drop In Centre**

The original consultation exercise in 2004, as part of the replacement facilities for Canal Park, identified a full upgrade to the existing provision at Myrus Sports Field. The upgrade includes a new changing pavilion with 6 changing rooms, 2 disabled / referee changing rooms and a club room with kitchen facilities. Externally the field is enlarged to accommodate a full size All-Weather football surface with fencing and floodlighting in addition to a new full size grass pitch. Additional car parking is provided by extending the existing car park.

### **Facilities Provided at Myrus**

- New changing pavilion
- Full size all weather pitch with floodlighting
- Full size grass pitch

The consultation exercise also identified a need for a 'drop-in' facility for young people in Macduff.

The brief was further developed and resulted in a new purpose built facility located in the grounds of Macduff Primary School and adjacent to the Community Centre. The facility is expected to provide an informal multi use facility which can be booked or made available to local community groups. Facilities include a large social area at the entrance, an office space, a general purpose room, a large multi use space and a pool room along with toilets and changing areas. Externally, additional car parking is provided by extending the Community Centre car park. Although the building is outside the town centre, the location can be easily reached by bus.

### **Facilities Provided at Macduff Drop In Centre**

- Large room for table tennis, five-a-side football, variety of community uses
- Smaller general purpose room
- Office
- Social Area with vending machines
- Room for pool tables
- Changing Facilities & Toilets
