

Macduff Option B – Myrus & Macduff School Extension

Option B shows alternative facilities as part of the replacement facilities for Canal Park. This also provides a full upgrade to the existing provision at Myrus Sports Field. The upgrade includes a new changing pavilion with 4 changing rooms, 2 disabled / referee changing rooms and a club room with kitchen facilities. The 4 changing rooms are considered to be adequate for the two new pitches. Externally the field is enlarged to accommodate a full size All-Weather football surface with fencing and floodlighting in addition to a new full size grass pitch. Additional car parking is provided by extending the existing car park.

Facilities Provided at Myrus

- New changing pavilion
- Full size all weather pitch with floodlighting
- Full size grass pitch

As an alternative to the new build drop in facility, a refurbishment / part extension to the Community Centre is proposed to provide similar facilities. This has the added benefit of upgrading the existing building which is shared by the school. The facility is expected to provide an informal multi use facility which can be booked or made available to local community groups. Facilities include a social area, two general purpose community rooms and a larger multi use sports hall along with toilets and changing areas. Externally, additional car parking is provided by extending the Community Centre car park. Although the building is outside the town centre, the location can be easily reached by bus.

Facilities Provided at Macduff Primary School

- 2no General Purpose Community Rooms
- Social Area with vending machines
- Changing Facilities & Toilets
- Multi use sports hall (1 badminton court size)
