

Scottish Labour Party - A Future Fair For All

Labour believes that the future needs to be fair for all. Labour's purpose is for fairness:

- fair rules
- fair chances
- and fair say for everyone.

We are working to help with international conflicts in this uncertain world.

The Labour Party is a democratic socialist party. It

believes that by the strength of our common endeavour we achieve more than we achieve alone, so as to create for each of us the means to realise our true potential and for all of us a community in which power, wealth and opportunity are in the hands of the many.

We will tackle Britain's economic crisis and return the economy to its former glory. We also aim to create more jobs for the people who live in the poorer areas of Scotland. We also support the creation of better transport systems in Scotland.

Our Economic Policies

Return our economy to a stable and growing position. We are investing in banks to secure jobs. We are also offering protection for home owners who are hit by the difficult economic times and we hope to increase the number of people in employment in Scotland by investing in business.

We will t fix the banking system by enforcing regulations on the bankers. We will outlaw offshore banking to help protect our people's savings. By doing this we aim to get the banking system on its feet and moving forward again.

Our Environmental Policies

We support British companies who deal in environmentally friendly products. We promote alternative energy solutions like wind and hydro electric plants. We back the development of new energy efficient technology. We also hope to improve energy trading between the UK and the European Union.

Cutting carbon emissions

We will introduce new restrictions on emission standards for vehicle use. We will work with our partners in the European Union to help achieve these goals.

Working with the European Union

We are working with the European Union to secure fair chances for everyone.

Our aim is to achieve a modern, outward looking EU, enabling us to respond to the challenges of globalisation and deliver opportunity and fairness for all.

A fair World for all

By remaining fully engaged with partners in Europe and worldwide we can achieve our goals in this new world.

Our Candidate

Our candidate, Mathew Sutherland is a wise and powerful leader, who has been through many experiences throughout his life, each of which has forged his beliefs in the policies of the Labour Party. Born in the beautiful town of Huntly, into a politically motivated family, Matthew is the natural choice to promote socialist policy in this great establishment.
