If you are proposing housing on the site please provide us with details of what you think would be appropriate, both in terms of the number of dwellings, and their form (Flats, detached houses etc).

The site could accommodate 10 detached houses but a housing association is known to be interested in it which, developed for affordable housing, could mean semi-detached houses or, possibly flats.

The wider area

A1 Please provide a statement on the siting and design of your proposal (how will the development fit in with the wider landscape, or complement the urban design of the area?)

It is a logical area into which it would be appropriate for Inverallochy to expand. It is far from the coastal village's Conservation Area, avoids a protected area to the west and is close to (or within) the fh2* area of search for housing land identified in ALP 2006.

If you have a landscape statement, a design statement or other details about what you would like to see on the site, please include it. *Statement attached*

A2 If you have prepared any frameworks or masterplans showing a possible layout for the site, please include it with this form. *Framework attached*

A3 Have you applied principles of sustainable siting and design to your site? Yes
No
If you have undertaken a site assessment please provide details
Statement attached
The Code for Sustainable homes or www.index21.org.uk provides guidance on this issue

C2 At least 25% of all housing is likely to be required to be affordable. If applicable, are you considering providing more or less than this? More
25% or Less

C3 What community benefits arise from your proposals? What would the nature of these be, and how would they be delivered?
 Interest expressed by housing association means that affordable housing is quite likely to be delivered.

Community benefits may be material, such as community facilities, or intangible, such as affordable housing or the ability to live locally. Include elements which you anticipate may be required as developer contributions from the development (although specifics will have to be negotiated with the Council on the basis of the development proposed)
