Dear Sir/Madam

Leisurelend & Artstore

Thank you for your enquiry about our Leisurelend scheme, which has now been extended to include items previously contained within our Arts Development Service.

I have pleasure in enclosing the latest information regarding details of membership and the service provided.

The membership of this popular initiative, developed by the local authority, has grown annually since its inception in 1991 and now provides an excellent service to 200 community groups.

Should your group be eligible for membership and wish to join, the membership cost from 1st April 2008 to 31st March 2009 is £40.00. Due to the rising costs to maintain some of the higher value items it is now necessary to put a small charge on some items. These items are marked (*, **, ***, ****). This cost has been kept as affordable as possible.

I hope your organisation will decide to benefit by becoming a registered Leisurelend member and that this innovative and efficient service will prove to be an important addition to your organisation's activities. Additions to the range of equipment in Leisurelend will continue to be made and a current list is included giving details of all items now available through the service.

A popular resource within Leisurelend is the Leisuremobile (an event vehicle). This tremendously versatile resource with powerful public address system will act as a prestigious and extremely practical focal point at events throughout the area. More information regarding the Leisuremobile is included. The Leisuremobile carries a hire charge of £150.00 plus vat, delivery is included in this charge. Leisurelend also operates a Minibus (Aberdeenshire Council Qualified Drivers Only) which has a mileage charge of £0.45 per mile plus vat, this charge includes all fuel used. More details on either the minibus or the Leisuremobile can be had by phoning Leisurelend on 01467 625088.

Please note that the Leisurelend & Artstore scheme operates from:
