## Walking Bus Guide

### Introduction

In this guide, you will find everything you ever wanted to know about Walking Buses. The guide includes:

- A set of frequently asked questions (FAQ)
- A flowchart on organising Walking Buses
- A set of forms to send to parents, to help you organise your Walking Bus
- You can also download our guide, 'Walking and Cycling: Safe Route Selection', to help maximise safety on your Walking Bus:

## The Walking Bus: The Basics

- A Walking Bus is an organised group of children walking on the school route, escorted by at least two adult volunteers: a 'driver', who leads the bus and a 'conductor', who brings up the rear of the bus. Depending on the number of children present, additional volunteer helpers are needed to keep a safe adult to child ratio (minimum 1:4 for infants and 1:8 for older children).
- A Walking Bus travels along a set route, picking up and dropping off children at pre-agreed stops at times listed in a timetable. The route is set to meet parents' needs and kept to a length suitable for all ages of passengers. A safe route selection is carried out to maximise safety and all helpers are briefed on road safety issues.
- Benefits: children gain independence and learn road safety skills while exercising. A Walking Bus can help reduce car dependency and congestion, increasing children's safety at the school gates and improving the environment. There are benefits for parents too: as helpers can take turns to escort the bus, parents who are off-duty get extra time to get ready for work or relax while their children travel safely with the Walking Bus.

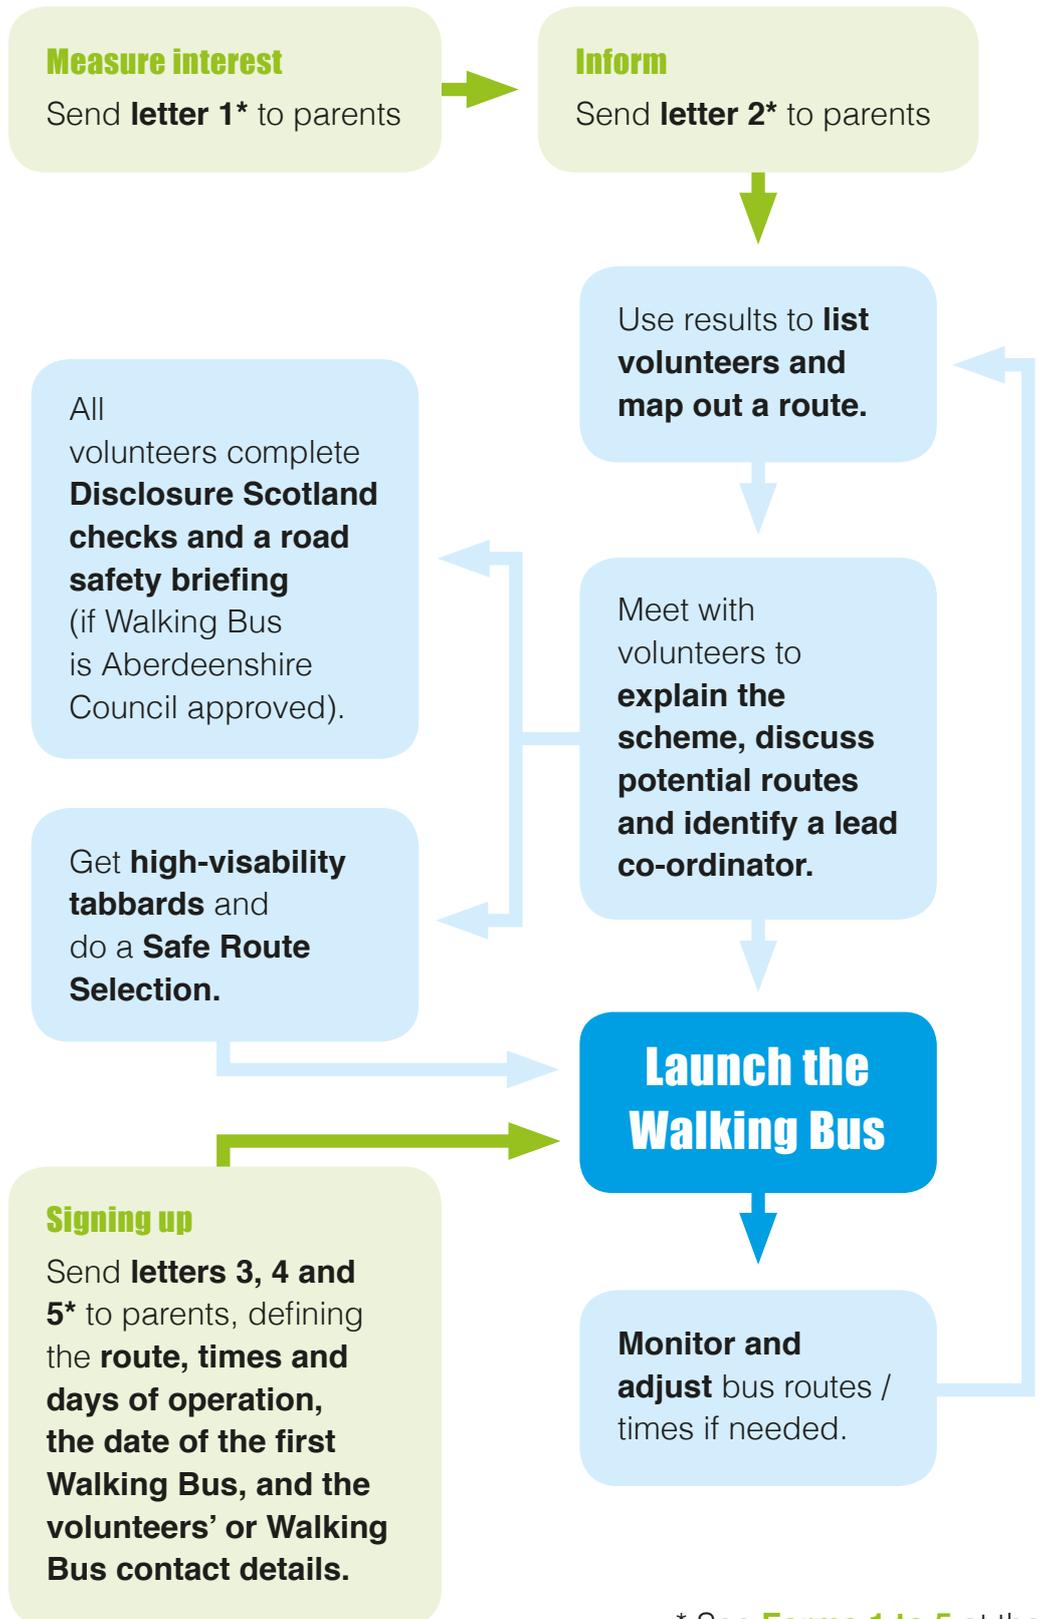

Only children registered with the Walking Bus can use it, making sure that the 'driver' knows exactly who should be on it. Before a child can use the Walking Bus, each parent / guardian must complete a consent form – see **Form 4** at the end of this guide.

### Who's Who in a Walking Bus:

- **Driver:** the adult who walks at the front of the bus.
- **Conductor:** the adult who walks at the back of the bus.
- **Helpers:** people who make up minimum adult to child ratios (1:4 for infants, 1:8 for older children) on the bus.
- **Volunteers:** group name for the adult driver, conductor and helpers.
- **Lead Co-ordinator(s):** the person or people who are responsible for the organisation of the bus. The lead co-ordinator(s) can be involved in walking with the bus (driver or conductor or helper) but this is optional.
- Other possible helpers include your STPO (School Travel Planning Officer), Road Safety Adviser, Active Schools Co-ordinator, Assistant Health Improvement Officer.

## The Walking Bus: Frequently Asked Questions

- **What if children already walk to school?** They can still join in: the Walking Bus will allow them to meet friends on the way to school and give off-duty parents extra time in the morning; parents can also join the Walking Bus as volunteers.
- **What if children live too far to walk to school?** You could set up a 'park and stride', where parents meet at a designated place and form a Walking Bus to take children the rest of the way to school. This will reduce congestion at the school gate and give children and parents some exercise. Parents can also join the Walking Bus as helpers.
- **Does the bus run in bad weather and at the start of term?** The bus will run, even if it rains, on every day it is planned to run unless there are exceptional circumstances (e.g. school closures). If your Walking Bus is planned to run once a week in the morning, for example, it will have to run every week on that day until the end of the school year. The idea is to have a reliable bus!

### Volunteers

- **Who can volunteer to drive or conduct a Walking Bus?** Any adult known to the school - usually parents, but you can also try other groups like Scout Groups or Rotary Clubs for volunteers.
- **Are volunteers vetted?** If the bus is organised with or by the school, yes: every volunteer will complete a Disclosure Scotland form, which can be completed for free through the school. For more information, please visit [www.disclosures.gov.uk](http://www.disclosures.gov.uk) or contact your STPO (details on the last page). If the bus is organised by the PTA or a parent group, it will be up to them to decide.
- **What do volunteers do?** Volunteers are responsible for guiding and supervising the Walking Bus. Each bus will have **at least two** volunteers (a driver and a conductor), who will stay with the bus at all times. Depending on the number of children on the bus, more volunteers are placed along the bus to help supervision. **Only** the driver and conductor are allowed to give directions and instructions; children and helpers must follow these instructions.
- **What road safety training is provided?** The Lead Co-ordinator will arrange for volunteers to receive a road safety briefing; speak to your STPO or Road Safety Adviser for more information.

# School Travel Planning

- **What does the Lead Co-ordinator do?** The Lead Co-ordinator is responsible for:
  - Setting up and organising the Walking Bus
  - Updating and distributing the Walking Bus register, the travel arrangements, the volunteer rota, as well as pupils' and volunteers' contact details.

The Lead co-ordinator should not do all the work – ideally parents, volunteers and the school will work together – but is the first point of contact for any issues. He or she is responsible for making sure that new volunteers know their responsibilities and have been through the necessary checks before being added to the rota. The Lead Co-ordinator can also be a driver / conductor or helper if they wish.

- **If I volunteer will I need to run the Bus every day?** No – you will just need to take your turn, as the bus will run on a rota.
- **What happens if a volunteer unexpectedly cannot run the Walking Bus?** It is the volunteer's responsibility to find a replacement. All volunteers are given contact numbers for the other volunteers on their rota. You may want to have a central Walking Bus mobile phone, to keep with the register, that you can text or call.
- **What happens when a volunteer needs to be replaced?** Ideally, the volunteer who is leaving should find a replacement, but everybody involved in the Walking Bus needs to be constantly on the lookout for new volunteers.
- **How do parents keep up to date with changes to the volunteer rota etc.?** The Lead Co-ordinator will inform parents of important changes.

## Passengers and safety

- **From what age can children join the Walking Bus?** From about 4 years old.
- **How many children travel on the Walking Bus?** The ratio of adults to children is **minimum** 1 to 8 for primary children and 1 to 4 for infants. The results of the risk assessment / Safe Route Selection may recommend that the ratio be reduced (i.e. fewer children per adult) if local dangers are apparent.

# School Travel Planning

- **What does a volunteer do if a child misbehaves on the Walking Bus?** Children who misbehave or endanger anyone must be reported to the Head Teacher, who can then withdraw the child from the Walking Bus if necessary.
- **Who takes responsibility in the event of an accident?** Parents of children using the Walking Bus sign a form to show that they understand that they are responsible for their child's journey to school on the bus. Volunteers have a limited degree of personal accident cover when supervising the Walking Bus; the council's own legal liabilities are covered.
- **There are 2 main options for insurance:**
  1. If the Walking Bus is organised as a **volunteer group** with the school's consent, it will be covered by the council's insurance, so long as volunteers:
    - Have obtained the go-ahead from Disclosure Scotland
    - Are trained (road safety briefing)
    - Wear high visibility clothing
    - Follow minimum adult to pupil ratios (see above)
  2. If the Walking Bus is organised by the school's **Parent-Teacher Association (PTA)**, it will be covered by the PTA's insurance – the PTA have to notify their insurers of this.

Any accident or incident involving the Walking Bus must be reported to the Lead Co-ordinator, and entered in the school accident book if appropriate.
- **Is high-visibility clothing provided?** High-visibility clothing (such as high-visibility waistcoats, tabbards or bibs) should be worn (**must** be worn, if the school or Aberdeenshire Council are involved) on the bus at all times and returned to the school when no longer used for the Walking Bus.

Aberdeenshire Council can lend out waistcoats for volunteers and children taking part for the first couple of weeks of bus operation. Once the bus is running regularly, the Walking Bus will need to get its own high-visibility clothing. We may be able to help with this (company sponsorship is sometimes possible), so please speak to your STPO or Road Safety Adviser for more information.

# School Travel Planning

## Setting-up and operation

- **How is the walking route chosen?** Addresses are collected from interested parents and plotted onto a map. The most appropriate route is then selected to best match parents' needs, whilst remaining of a length suitable for all ages of passengers.

The Lead Co-ordinator and helpers will assess the route chosen, suggest the best locations to cross roads and can make recommendations about stricter adult to child ratios along the route. They will, for example, identify locations for stops on wide pavements so that the Walking Bus can stop and wait safely without blocking other people's paths.

To help, we have produced a set of guidelines on safe route selection (see 'Walking and Cycling: Safe Route Selection' on the School Travel Plans web page [www.aberdeenshire.gov.uk/schools/information/travel\\_plan.asp](http://www.aberdeenshire.gov.uk/schools/information/travel_plan.asp) - but please feel free to ask for more help if you feel that you need it.

The chosen route is circulated to all volunteers, and made available to other interested parties.

- **What happens if the route needs to be changed?** The agreed route must be used at all times; if any section of an agreed route becomes unusable, the volunteers will select an appropriate alternative route to minimise risk. The volunteers must notify the Lead Co-ordinator of this.
- **Is there a timetable?** Yes: just like a normal bus, there is a strict timetable. Even if volunteers are expecting certain children to travel, they **will not** wait for latecomers, as this may mean that they would be late for other children.
- **Is there a register?** Yes: on every journey, the driver will check passenger names against that day's register; the school should be informed of any pupils who are missing (without explanation) from the bus. Pupils who fail to take the bus 3 times in a row without explanation are withdrawn from the Walking Bus and must re-register if they wish to come on the bus again.
- **Can children travel on the Bus on a casual basis?** No: child must be fully registered on the Walking Bus before they can use it. This makes sure that volunteers can guarantee minimum adult to children ratios.

# School Travel Planning

- **What happens if a child is ill on the day of the Walking Bus?**  
A parent or guardian should inform one of the volunteers on duty that day. Alternatively, if the Walking Bus has a Walking Bus mobile, text or phone this number to inform the Walking Bus driver.
- **What happens if a child wants to change his / her Walking Bus days?** If the change is a one-off e.g. an absence due to a doctor's appointment, the child's parents must inform the relevant volunteer using the list of volunteers' contact details provided. If the change is long-term or permanent, parents must contact the Lead Co-ordinator in person to make the changes. Volunteers must not accept changes to the register that compromise the adult to child ratio.
- **What happens if a parent fails to collect a child from the stop after school?** If the parent has indicated on the application form that the child is allowed to walk home alone from the stop, the child can walk alone.

If the child is **not** allowed to walk home alone, a volunteer will either take the child home with them and telephone the child's family (failing that, telephone the school or the Police) **or** take the child to the child's home.

The volunteer **must** inform the Head Teacher of the incident and reasons for it. The Head Teacher can remove the child from the bus if necessary.

## Walking Buses: Advice to Parent Groups

A number of agencies / initiatives (Grampian Police's Road Safety Unit, School Travel Planning, Active Schools, and Health Improvement), can support local schools to look at the feasibility of starting a Walking Bus. A guide already exists to set out very clearly the procedures and practices related to Walking Bus; this can be found on:

**[www.aberdeenshire.gov.uk/schooltravelplan](http://www.aberdeenshire.gov.uk/schooltravelplan).**

However, due to the experience of the group members organising Walking Buses in Aberdeenshire, it was felt to be useful to draw up a progress plan for parents groups, specifically stating stages for involvement of partner agencies.

1. Interest from Parent Group to start a Walking Bus at their school.
2. Request support from one / more of the initiatives so that, once you are ready, a member or members can attend a parent meeting to discuss the idea and ensure the parent groups have a copy of the Walking Bus Guide. Members of the initiatives will speak to each other to make sure that all the initiatives are aware of progress and able to contribute if, where and when required!
3. Parent / staff groups are expected to proceed as follows:
  - Gauge interest from pupils and parents to their usage of a Walking Bus (sample letter in Walking Bus Guide).
  - Establish whether there is a likely group of volunteers – it is important to record their weekly availability and where they live. It is worthwhile ensuring that Disclosure Scotland checks will be carried out by the school in accordance with Aberdeenshire Council Policy.
  - A school area catchment map should be used to plot where interested children and volunteers live.
  - A suggested route should be agreed – taking into consideration school crossing patrols, refuse collection days, wishes of parents etc.
4. Once all the above information has been gathered – invite someone from one of the relevant initiatives to a parent meeting. There are then two ways to proceed:
  - i. A formal, council-approved and insured Walking Bus takes longer to set up but ensures that all safety issues are considered.

# School Travel Planning

ii. If you want to just try out a Walking Bus or run one informally, this will normally be quicker but you will have to decide whether you need to insure yourself against possible accidents. If it is a Parent Council or School-organised Walking Bus, check that the Parent Council's insurance will cover you.

**5.** Before you start a formal Walking Bus, you must:

- Ensure all adult volunteers have had a road safety brief, been approved by Disclosure Scotland and wear high-visibility clothing.
- Ensure that the chosen route has been risk-assessed and approved by Aberdeenshire Council.
- Respect Aberdeenshire Council policy on minimum adult to pupil ratios (1:4 for infants, 1:8 for adults).
- Ensure you have high-visibility vests / bibs for children on the Walking Bus.

# School Travel Planning

## The Walking Bus: Organisers' Checklist!

You will need:

- At least 2 volunteers: a 'driver' and a 'conductor'.
- In total, enough adults to maintain a safe adult to child ratio (1 to 4 for infants, 1 to 8 for primary children).
- A defined route, which has been selected to minimise risk.
- A timetable for your route, clearly defining what time the bus leaves from (or arrives at, if your bus runs at the end of the day) each stop.
- High-visibility clothing for all children (ideal in all cases and compulsory if the bus is Aberdeenshire Council or School-led).
- Parent consent forms for all children going on the Walking Bus.
- Disclosure Scotland checks for all adult Walking Bus volunteers.

You may also want to think about:

- A mobile phone that you can use as the main point of contact for parents and volunteers. You could just get a pay as you go SIM card to use **just** for the bus.
- Passes for children to have to show that they are on the Walking Bus; these passes would carry the school's name and phone number as well as the Walking Bus mobile number, if you have one. When children leave school or stop taking the bus, they simply return their pass to the school.
- Doing an initial Walking Bus assembly is a good way of getting children interested; they can then encourage their parents to sign them up to the bus or volunteer to help.
- Giving each Walking Bus passenger a certificate to show that they have taken part.
- Doing an official launch and publicising this in the newspapers; it will give your bus a higher profile and ensure that your community is aware of the bus, which will help to maximise safety.

## Walking Bus Forms

### Form 1: Measuring Interest for a Walking Bus

Dear Parent or Guardian,

We are thinking of setting up a 'Walking Bus' to reduce traffic around the school and improve pupils' road safety skills, fitness and knowledge of their local environment.

**What is a Walking Bus?** It is an organised group of children walking on the school route, escorted by at least two adults: a 'driver', who leads the bus and a 'conductor', who brings up the rear of the bus. More volunteers are added for larger groups.

**How does it work?** A Walking Bus travels along a set route, picking up / dropping off children at pre-agreed stops at times listed in a timetable. The route is set to meet parents' needs and kept to a length suitable for all ages of passengers. The route will be assessed for safety and volunteer parents will receive training.

**When will it operate?** The Walking Bus can operate every school day or only on certain days, depending on parents' interest and volunteer numbers.

**What are the benefits?** Children not only develop better road safety and pedestrian skills but also arrive at school awake and alert. The Walking Bus provides children with good exercise and a chance to discover their local environment. It is fun, as children can meet friends on the way to school. The Walking Bus will also help to reduce congestion and pollution around the school.

**Please let us know whether how you would feel about a Walking Bus at our school by filling in the form below and returning it by:**

## Form 2: Information Meeting on our Walking Bus

Dear Parent or Guardian,

We recently sent out information on the possibility of setting up a Walking Bus; we are pleased to report that we have had a good response to this and are continuing with this project.

We are now planning to hold a meeting to provide you with further information on our Walking Bus and offer you the chance to ask questions about the scheme. The meeting will take place on:

Date: \_\_\_\_\_ Time: \_\_\_\_\_

and last for approximately 30 minutes.

We hope that you will be able to attend; however, if you are not able to attend but are still interested in the scheme – either as a volunteer or as a parent whose child would take part in the scheme – and would like further information, please complete the slip below and return it to the school.

The success of the Walking Bus will depend on your enthusiasm and willingness to become involved, so please take the opportunity to volunteer if you are interested.

Yours sincerely,

**Teacher**

## Form 3: Launch of our Walking Bus

Dear Parent or Guardian,

Thank you to everyone who participated in our Walking Bus information meeting; we are now ready to set up the Walking Bus. Our first Walking Bus will depart on:

Date: \_\_\_\_\_ and run for \_\_\_\_\_ days / weeks.

The Route will be as follows:

### To School

## Form 3: (continued)

**If you would like your child to join the Walking Bus, please complete and return:**

- The enclosed consent form
- The Parent's and Child's Promises form

to the school by

Date: \_\_\_\_\_

The children will be provided with fluorescent bibs to wear on the Walking Bus; these will be collected and stored at school during the day and then given back to the children for the journey home. All our volunteers, who have been trained and obtained Criminal Records Bureau disclosure checks, will also wear fluorescent bibs.

The success of the Walking Bus will depend on your enthusiasm and willingness to become involved. We still welcome new volunteers, so please contact the Lead Co-ordinator (name):

\_\_\_\_\_

if you wish to participate. The future of the Walking Bus depends on the success of this trial.

Yours sincerely,

## Form 5: Parent and Child Promise

### Parents' Promise

#### I promise I have:

- Talked to my child about road safety on the Walking Bus
- Made sure that my child understands how the bus operates
- Made sure my child knows where the afternoon stop is
- Made sure that my child knows what is expected of him / her
- Made sure that my child knows what days they are travelling
- Discussed with my child what to do if things go wrong e.g.
  - He / she misses the bus
  - He / she is not met as expected at the stop after school
- Agreed to contact the bus co-ordinator if my details change

#### I am aware that I am responsible for:

- Ensuring that my child arrives at the Walking Bus stop on time
- Ensuring that my child gets to school if they miss the Walking Bus
- Ensuring that I, or a designated person, is waiting at the stop to collect my child after school
- Informing the school / co-ordinator if my child will not be using the Walking Bus

## Form 5: (continued)

### Child's Promise:

#### When I join the Walking Bus I promise to:

- Behave sensibly all the time
- Obey the instructions given by the bus driver and conductor
- Wear the fluorescent jacket I will be given
- Walk in a pair where possible
- Remember to **STOP, LOOK, LISTEN and THINK** when I am near roads
- Look after my own safety and not cause danger to others
- Always travel on the Walking Bus on the days I am expected to
- Arrive on time at the stop, before **and** after school, when I am using the bus
