

## EQUALITY IMPACT ASSESSMENT

Stage 1: Title and aims of the activity (“activity” is an umbrella term covering policies, procedures, guidance and decisions).	
Service	Corporate Services
Section	HR&OD
Title of the activity etc.	Employee Relationship Management (ERM) Project
Aims of the activity	The ERM Project will transform the way that the Council and its employees interact. It will allow employees and managers to deal more easily and efficiently with matters such as pay, overtime and expenses, attendance management, training course bookings, and employment contracts. By the end of the project all Aberdeenshire employees will be using the new Employee Service Centre, featuring a dedicated HR website, employee and managers self service, and an HR Service Desk.
Author(s) & Title(s)	<span style="background-color: #cccccc; display: inline-block; width: 150px; height: 1.2em; vertical-align: middle;"></span> ERM Project Manager
Stage 2: List the evidence that has been used in this assessment.	
Internal data (customer satisfaction surveys; equality monitoring data; customer complaints).	The following internal data was utilised: <ul style="list-style-type: none"> <li>• Employee survey</li> <li>• Manager survey</li> <li>• Statistical information from HR&amp;OD teams on volume, identification and analysis of workload and complaints</li> </ul> This evidence supports investment in the project.
Internal consultation with staff and other services affected.	Surveys & interviews with managers and practitioners/users on fitness for purpose of current HR&OD processes and systems. Consultation with Support Service Managers and DMTs, Business Transformation Programme Board and Management Team supports investment in the project. (TUs are represented on BTPB)
External consultation (partner organisations, community groups, and councils).	The ERM team have visited and consulted with numerous Scottish and UK-wide councils and other public and private sector organisations to learn from their experiences. The ERM team utilised the services of a sector expert consultant (2 days) at the pre-procurement stage of the project. The ERM team are active members of and regularly attend meetings of national HR and Payroll professional bodies and groups of iTrent system users These consultations, coupled with the project's regular review process ensure that it remains continually fit for purpose & reflective of current local & national trends, initiatives & approaches.

External data (census, available statistics).	
Other (general information as appropriate).	N/A.

**Stage 3: Evidence Gaps.**

Are there any gaps in the information you currently hold?	<p>Current baseline information on some aspects of relevance to the project is not currently available. Examples include:</p> <ul style="list-style-type: none"> <li>• Absence and associated cost data at the level of detail that would allow accurate measurement of the contribution of the project to the reduction of absence-associated costs to the Council</li> <li>• Overpayment details at the level of detail that would allow accurate and precise measurement of the contribution of the project to the reduction of overpayment costs to the Council.</li> <li>• Levels of customer satisfaction with HR&amp;OD are incomplete due to the merge of Payroll from Finance into HR&amp;OD after the commencement of the project.</li> </ul> <p>Such sets of data may not exist or be of sufficient volume or quality to be informative &amp; shape future service delivery.</p>

Impacts.	Positive (describe the impact for each of the protected characteristics affected)	Negative (describe the impact for each of the protected characteristics affected)
Please detail the potential positive and/or negative impacts on those with protected characteristics you have highlighted above. Detail the impacts and describe those affected.	<p align="center"><b>Disability</b></p> <p>The introduction of Employee and manager self service and the introduction of the Employee Support Desk have the potential to benefit employees with will be of benefit to any employees with disabilities in that they will simplify processes that were previously paper and/or communication intensive and will make communicating and accessing internal customer contact and services easier.</p>	
	<p align="center"><b>Pregnancy and Maternity</b></p> <p>The project will simplify the processes utilised by employees and managers for the recording and administration of pregnancy, maternity and paternity and will therefore be of benefit to this group.</p>	

Stage 7: Have any of the affected groups been consulted?	
If yes, please give details of how this was done and what the results were. If no, how have you ensured that you can make an informed decision about mitigating steps?	No direct consultation specifically aimed at the protected characteristics groups was conducted, however the project has developed out of UK national HR best practice as reported by CIPD and from advice arising from the Scottish Government Best Value Audit. As such it reflects current trends and progress in the field of HR&OD. The affected groups were included within the consultation that has already been listed.

Stage 8: What mitigating steps will be taken to remove or reduce negative impacts?		
These should be included in any action plan at the back of this form.	Mitigating Steps	Timescale
	Not applicable	

Stage 9: What steps can be taken to promote good relations between various groups?	
These should be included in the action plan.	An ERM communications plan has been developed; key messages that require to be communicated to all stakeholders have been identified.

Stage 10: How does the policy/activity create opportunities for advancing equality of opportunity?	
<p>The ERM project supports the modernising of local government service delivery through the provision of improved, more easily accessible and faster services available to employees and managers at a time and in a way that meets their needs, advancing equality of opportunity for all.</p> <p>Employees and managers will be enabled to utilise online service delivery, improving access to faster, more accurate services, and will also have improved and simplified access to 'person-to-person' communication through the Support Desk. This will be of benefit to all employees particularly so for those groups already identified.</p>	

Stage 11: What equality monitoring arrangements will be put in place?	
These should be included in any action plan (for example customer satisfaction questionnaires).	<p>This will be monitored through:</p> <ul style="list-style-type: none"> <li>• Annual HR&amp;OD customer satisfaction survey</li> <li>• Support Desk (SD) statistics and regular SD customer satisfaction surveys will allow service users to continually identify improvements, these will be fed back to the HR&amp;OD management team for action.</li> </ul>
