

Settlement Summary: Fetterangus

Population: 423

Observations (of Community Council)

None received.

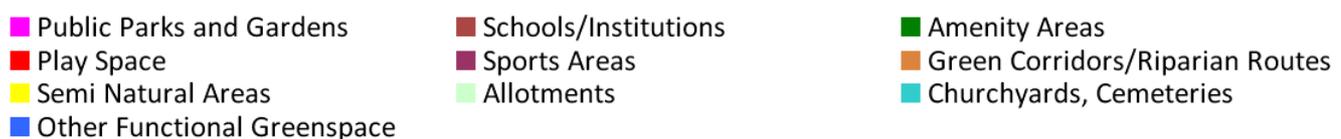

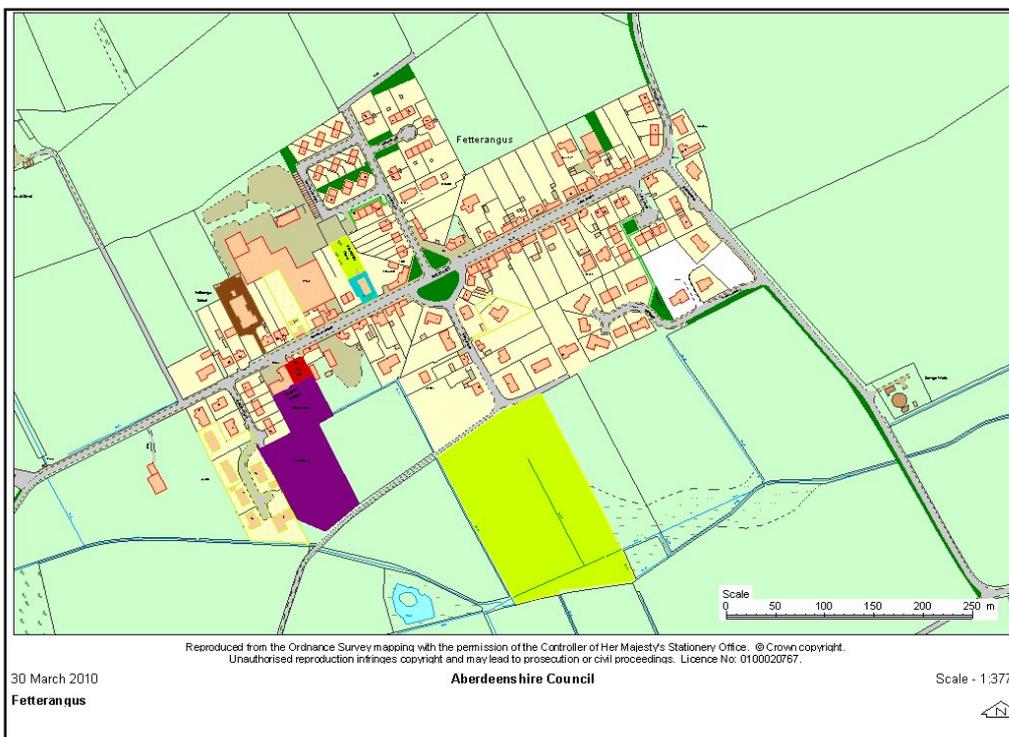

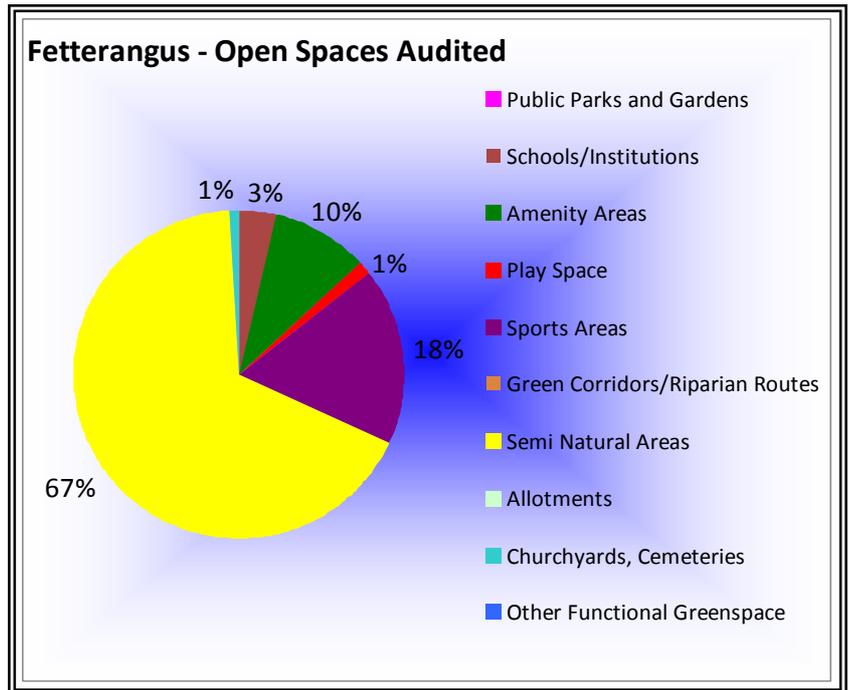

Green Network Links

There are no obvious opportunities for enhancement within the village. Any further development should create and maintain green corridors to surrounding countryside.

Open Space Requirements

There appears to be a reasonable spread of open space types for a village of this scale. The only recommendation by auditors was provision of a greater variety of equipment, together with disabled access, at the playing field. Contributions in this respect may be appropriate in the context of future small scale development occurring.

Auditors also suggested the provision of planting at the church, although this would to be an issue for the parishioners and local community.

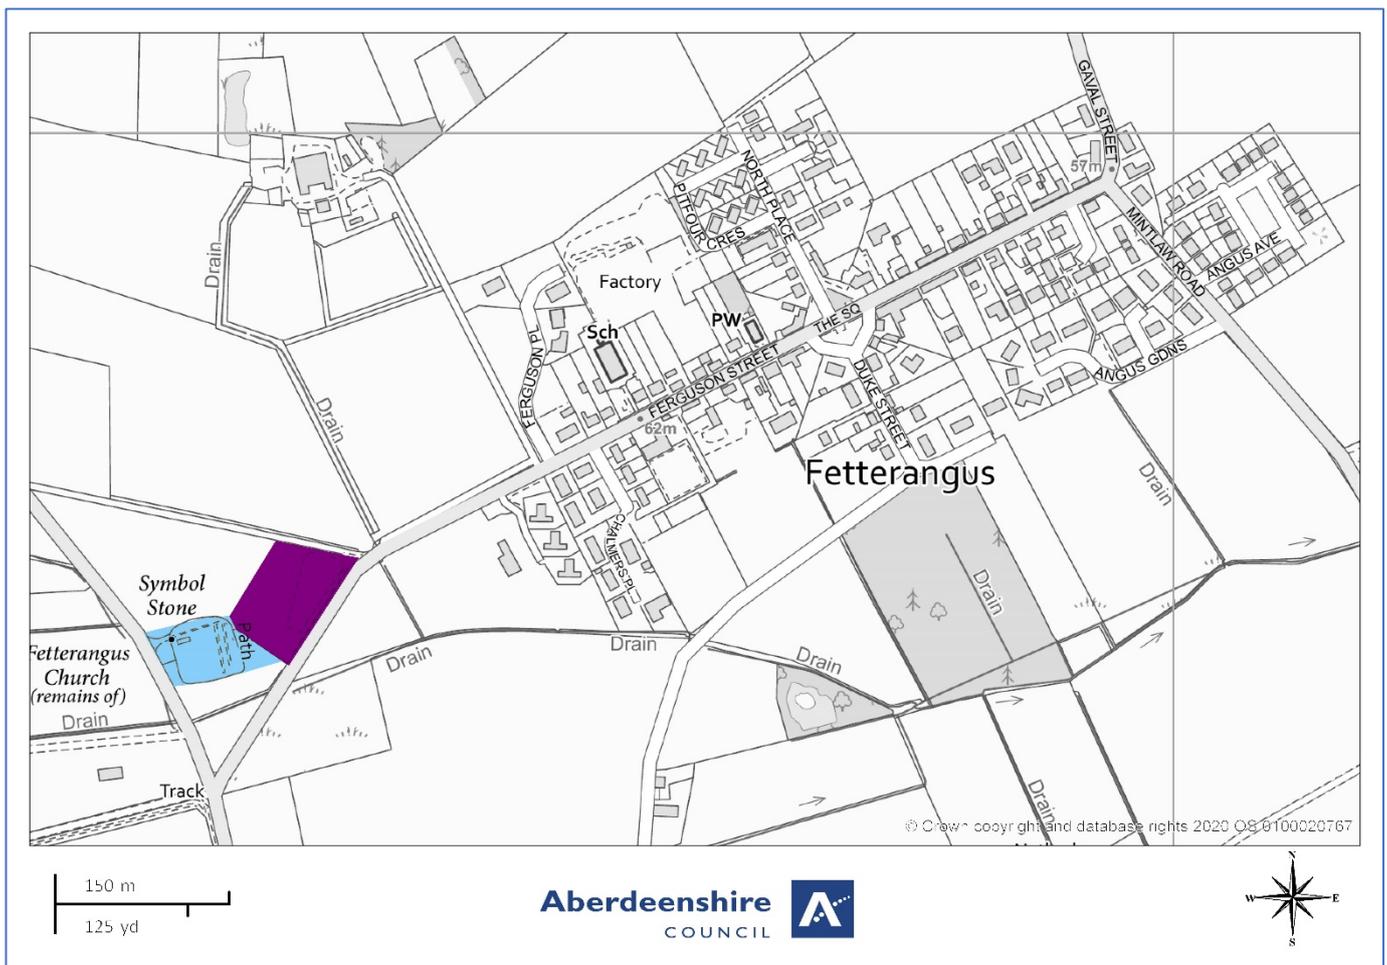

Open Space Audit Update 2019: Fetterangus

An update exercise was carried out in 2019 to account for new open spaces arising from major developments completed since the Open Space Audit 2010, and to address any known disparities/gaps in information. The scope of the update exercise did not include a review of the Open Space Audit 2010. The Audit update 2019 has been used to assist in the preparation of the Proposed Aberdeenshire Local Development Plan 2020.

This is an interim Audit. Whilst this information will feed into a future comprehensive Open Space Audit, at this stage there may be some auditing inconsistencies across settlements due to factors such as community interest, and landscape/topography influencing how open spaces are identified, particularly at and around the edges of settlement.

Allotments are excluded as these are audited separately as part of the Food Growing Strategy 2019-2030.
